New York City

Dear Sir:

In preparing Warren's Paper Buyer's Guide for 1919 we are planning to include a page showing military medals awarded for valor by France, Gt. Britain, Italy, the United States and possibly Belgium. At this time we cannot state just how many medals it would be possible to include owing to space limitations, but our selections would probably be made from the Cross of the Legion of Honor, the Croix de Guerre, the Distinguished Service Cross, and the Victoria Cross of Gt. Britain. the Cross of the Legion of Honor Belgium, the Congressional Medal, and the new medal recently established by Congress and the principle medal awarded by the Italian Government.

We have admired some reproductions in color which appeared in "L'Illustration" for July 1917 and in order to secure a little more information regarding these medals, we consulted Mr. Wheeler of the Boston Public Library who immediate-

ly referred us to you. Will you be kind enough to let us know if the American Numismatic Society has these medals in its collection and if so whether we might have the privilege of making color plates from them. If such an arrangement is possible we can arrange with a New York Engraver, working under our direction, to make the desired plates. We should, of course, be very glad to acknowledge the courtesy of the American Numismatic Society in the book which we are to publish.

We are sending you a copy of our 1918 Suggestion Book which was prepared along the same general lines we are following for next year's publication.

Very truly yours,

S. D. WARREN COMPANY

L. E. Palmer
